DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 8/22/2007 has been entered.

Allowable Subject Matter

2. Claims 1-24 are allowed.
3. The following is an examiner's statement of reasons for allowance:
 - * The Amendment to the claims merely addresses informal matters and therefore does not affect the indicated allowability of the claims;
 - * The newly filed IDS has been considered and no reference found to teach the claimed invention;
 - * The present invention provides a new apparatus, method and computer readable medium for encoding and decoding multilevel image, which can create a good reconstructed image and can perform image compression without degrading the image quality of a compression target (specification, page 3, lines 19-24).

Art Unit: 2624

Particularly, the new apparatus, method and computer readable medium comprise the following features, which the prior art taken either singly or in combination does not teach:

- representative color extracting means/step... and the (reduced) multilevel image (see independent claims 1, 17, 19, 21 and 23);
- input means/step... or inverted character region (see independent claims 16, 18 and 20).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
